K77 INDUSTRIAL PLANT EQUIPMENT AND SPARE PARTS TRADING - L.L.C - S.P.C.

COMPANY PROFILE

Asphalt Plants • Spare Parts • Grinding Machines • Construction, Road & Transport Equipment

K 77 Industrial Plant Equipment and Spare Parts Trading – L.L.C – S.P.C is a company specialized in supplying industrial equipment, heavy machinery and high-quality spare parts. Established in the heart of the UAE, in Abu Dhabi, to meet the growing demand for specialized plants and equipment in the construction, roads and building sectors. We focus on asphalt plants and their spare parts, grinding machines and grinding stones, in addition to construction equipment, road equipment, transport equipment and trucks.

Asphalt plant – one of the plants we supply and support with spare parts and upgrades

Our Core Activities

01 Asphalt Plants Stationary & mobile, batch & continuous.	**02 Asphalt Plant Spare Parts** Original, high-quality parts to cut downtime.
03 Grinding Machines An upgrade that raises plant efficiency.	**04 Grinding Stones** The right stones for each machine and use.
05 Construction Equipment Bulldozers, loaders, excavators & more.	**06 Road Equipment** Pavers, rollers & road rehabilitation machines.
07 Transport & Trucks Dump trucks, tankers & tractor heads.	**08 Concrete Plants** Stationary & mobile batching and ready-mix equipment.

Location: Al Hosn, Abu Dhabi, UAE | **Web:** www.k77group.com | **Email:** info@k77group.com

Asphalt Plants

We offer a diverse range of asphalt plants to suit project size and site conditions, in collaboration with leading manufacturers to ensure the latest technologies and the highest quality standards.

- **Stationary & mobile plants:** Solutions for long-term projects and changing sites.
- **Batch mix plants:** Precise control of the recipe and mix quality.
- **Continuous mix plants:** High output, suited to continuous production.
- **Upgrades & additions:** Upgrading existing plants with add-ons that raise efficiency and improve production quality.

Complete asphalt plant with feeding conveyor

Asphalt Plant Spare Parts

We supply original and high-quality spare parts to keep plants running and minimize downtime. Parts can be supplied by plant type, model and part number, and any part not listed is available on request.

Section	Examples of parts
Heating & Drying	Burners, dryer drum and its components
Mixer	Mixer paddles & arms, mixer liners
Screening & Conveying	Screens, hot elevator chains & buckets, conveyor belts
Filtration	Bag filters and filtration unit accessories
Bitumen & Pumping	Bitumen pumps, valves and pipes
Weighing & Controls	Load cells, control panels and components
Drives	Gearboxes, motors and bearings

Grinding Machines & Grinding Stones

Grinding Machine

Grinding Machine

One of the key upgrades we supply for asphalt plants to raise operating efficiency and improve production quality. Built on a robust mechanical design featuring:

- Sturdy welded steel frame and heavy mounting base
- Swivel joint with a bolted flange connection
- Adjustable turnbuckle arms to control positioning
- Mounting plates with adjustment slots for easy fitting and calibration

Grinding Stones

We supply grinding stones suited to the machine model and the type of use, to ensure consistent performance and good service life. Simply send us the machine model or the required stone size and we will prepare the right offer.

Why we recommend regular grinding

- Keeps plant components efficient and extends their service life.
- Reduces operating faults and unplanned downtime.
- Supports production quality and continuity.

Plant Upgrades & Additions

Alongside grinding machines, we offer a range of additions and modifications for existing plants that help raise production efficiency and improve mix quality, with technical support and the parts required.

Construction, Road & Transport

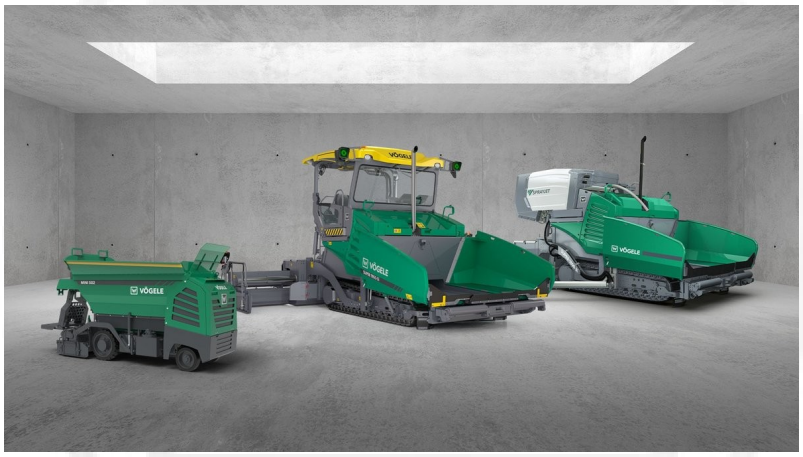

We serve contracting and road companies by supplying a wide range of heavy equipment, working with specialized suppliers and agents to provide the right machine in the required specification and budget.

Construction Equipment

- Bulldozers
- Loaders
- Excavators
- Other building and construction equipment on request

Road Equipment

- Asphalt pavers
- Road rollers
- Milling and road rehabilitation machines and road-works equipment

Asphalt pavers – among the road equipment we supply

Transport Equipment & Trucks

- Dump trucks
- Asphalt and bitumen haulage trucks and tankers
- Tractor heads, trailers and heavy trucks
- Concrete and mixer trucks

We also supply spare parts for equipment and trucks, as well as alternative-energy equipment and accessories for those wishing to expand into this sector.

Suppliers & Customers

Suppliers	Customers
We deal with agents and manufacturers in the asphalt plant industry, such as Marini, Ammann and Benninghoven, as well as suppliers of construction and road equipment, trucks and alternative-energy equipment.	All asphalt manufacturing companies in the UAE, contracting and road companies interested in heavy equipment and trucks, and those interested in the alternative-energy sector.

Our Vision

To be the preferred partner for our clients in providing high-quality industrial equipment and spare parts, and to contribute to the sustainable growth of the construction, building and alternative-energy sectors in the region.

Our Values

Quality We deliver products and services that meet the highest standards.	**Reliability** Long-term relationships built on commitment and integrity.
Innovation We continuously develop solutions that meet our clients' evolving needs.	**Excellence** We aim for excellence in every aspect of our business and service.

Our Commitment

- A specialized, experienced team
- A wide network of leading manufacturers
- Outstanding customer service
- Competitive pricing
